

Martin Lopez Ramirez

Retired President, Toledo Area Local 170
33-Year Postal Service Veteran

A note of appreciation for Lori Bellman

When Toledo Area Local 170 first welcomed Lori into its organization, leadership understandably had questions about how she could assist its members and what value the relationship could provide.

What followed was an ongoing Medicare education partnership built around knowledge, straightforward answers, compliance, ethics and reliable guidance.

You quickly earned the confidence of our team.

Martin specifically recognized Lori's straightforward approach, attention to compliance and ethical considerations, Medicare knowledge and willingness to thoroughly answer questions from both leadership and members.

Perhaps most importantly, he noted her commitment to providing not simply the answers people wanted - but the information they needed.

The relationship continues today as part of Lori's commitment to providing clear, practical Medicare education and support.
